MediaTechnics Corporation
Notes to Consolidated Financial Statements
For the Fiscal Years ended June 30, 2015 and 2014
(unaudited)

1) THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company was originally incorporated in the state of Nevada on February 26, 1987 and has had different names and operations during its history. The Company is currently operating as a developer of advertising websites and applications for the marijuana industry, developing the BlazeNow website and mobile applications.

On June 13, 2011, the Board of Directors and persons having a majority of the voting power entitled to vote, voted to file Amended and Restated Articles of Incorporation reaffirming the actions of June 18, 2009, and reaffirming existing designations and removing obsolete designations of preferred.

The unaudited financial statements included herein were prepared from the records of the Company in accordance with Generally Accepted Accounting Principles. These financial statements reflect all adjustments, which are, in the opinion of management, necessary to provide a fair statement of the results of operations and financial position for the quarter ended June 30, 2015. Significant adjustments may be required to conform the financial statements to Generally Accepted Accounting Principles (GAAP) should management choose to seek to have the statements audited.

Acquisitions

On September 19, 2013, the Company acquired all of the outstanding Common Stock shares of Evergreen Systems Incorporated, "ESI" from its shareholders resulting in ESI becoming a wholly owned subsidiary of the Company.

As consideration for the acquisition of ESI, ESI's shareholders were issued 69,071 shares of Class M Convertible Preferred Stock ("Class M Stock") valued at \$386,798 as consideration for 4,000,000 common shares of Praxsyn Corporation fka PAWS Pet Company, Inc. trading under the symbol "PXYN" on the OTC Markets valued at \$196,000 and intellectual property in the form of a business and marketing plan valued at \$190,798.

Principles of Consolidation

The Company's consolidated financial statements include the assets, liabilities and operating results of its wholly owned subsidiary since formation of these entities. All significant inter-company accounts and transactions have been eliminated in consolidation.

Use of Estimates

The unaudited financial statements included herein were prepared from the records of the Company in accordance with Generally Accepted Accounting Principles. These financial statements reflect all adjustments, which are, in the opinion of management, necessary to provide a fair statement of the results of operations and financial position.

Cash & Cash Equivalents

The Company's policy is to consider cash and cash equivalents to consist of checking accounts, money market accounts or certificates of deposit having maturity dates of 180 days or less.

Financial Instruments

Financial instruments consist primarily of cash, security deposits and obligations under accounts payable and accrued expenses. The carrying amounts of cash, accounts receivable, security deposits, accounts payable and accrued expenses approximate fair value because of the short-term maturity of those instruments.

Income Taxes

The Company records its federal and state income tax liability as it is incurred.

2) INVESTMENT IN MARKETABLE SECURITIES AVAILABLE-FOR-SALE

Marketable Securities

In accordance with FASB 115, the Company is required to report the equity securities held as investments as marketable securities available-for-sale because they can be sold. The Company intends to utilize any proceeds realized from any future sale of equity securities held as investments for payment of expenses related to its operations. Marketable securities available-for-sale are reported at cost and adjusted on the Company's balance sheet for unrealized gains or losses in those securities during reporting periods. Marketable securities held for sale at June 30, 2015 were 7,570,000 Common shares of Praxsyn Corporation (formerly The PAWS Pet Company, Inc., ("PXYN")) with a cost basis of \$300,529 and an Unrealized Available-For-Sale Holding Loss of \$126,646.

3) NOTES RECEIVABLE

On November 30, 2009, the Company sold all of its interest in MTS/MMC, and issued 100,000 shares of Class M Convertible Preferred Stock (Class M Stock"), to its former president, Richard Wilson and cancelled all shares of all other classes and series of stock held by Mr. Wilson. As part of this transaction the Company received a \$388,800 personal note from Mr. Wilson accruing interest at 9% per annum due December 1, 2012 and subsequently extended until December 31, 2015. The Company also retains an additional receivable from Mr. Wilson in the amount of \$50,010. During the fiscal year ended June 30, 2015 the Company earned interest on the note in the amount of \$54,911. At June 30, 2015 notes receivable were \$438,810 and accrued interest on the notes was \$252,524

4) INTELLECTUAL PROPERTY – NET

The Company has three types of intellectual property described as follows:

Business & Marketing Plans

Acquired in the Evergreen Systems Inc. acquisition on September 19, 2013 as part of the allocated purchase price. The Company began generating revenue from these plans during the quarter ended June 30, 2014. The Plans are being amortized over five years starting April 1, 2014 in the amount of \$9,840 per quarter.

Lighting Development

Research and Development costs incurred to develop and bring proprietary growing lights to market that emit a spectrum of light customized for optimal photosynthesis without generating high levels of heat.

Website/Mobile Application Development

Research and Development costs to develop the BlazeNow website and mobile applications which are intended to provide product and location specific advertising as well as a mutually beneficial consumer review system for dispensaries and other Cannabis related businesses.

Net Intellectual Property is comprised of the following:

	Cost	Accumulated Amortization	Net
ESI Business & Marketing Plans	190,798	49,200	141,598
Lighting Development	123,000	0	123,000
Website development	417,752	0	417,752
	731,550	49,200	682,350

5) CONTINGENT LIABILITIES AND LITIGATION

Amounts set aside for contingent liabilities as a result of pending litigation, if any, or disputed judgments are not held in cash but rather, have been charged as liabilities against profit and loss, in advance, in the event that the Company is actually obligated to pay that amount as a result of losses in such pending litigation or undomesticated judgments that are finally domesticated in Nevada. If, ultimately, the Company is successful in defending itself against pending litigation or parties holding undomesticated judgments, the contingent liabilities will be removed and the amounts previously charged to profit and loss will be credited to income.

Management has set aside \$200,000 as a Contingency for legal fees or other expenses that may become necessary in order to defend against any claims related to the Company's defunct mortgage operations.

There is a default judgment on file against the Company in Alameda County, California of approximately \$182,436. The Company is not domiciled in California, has made no appearance in California regarding this matter and intends to vigorously fight any attempt to domesticate the default judgment in Nevada. The Company believes that it is not a proper party to the action and that the courts of the State of California do not have personal jurisdiction over the Company and intends to aggressively fight any attempt to subject it to the jurisdiction of the California court system and intends to file any motions that may become necessary to quash service for lack of personal jurisdiction. As of the date of these Notes to Consolidated Financial Statements, the Company has engaged an attorney to pursue settlement of this matter and to defend in Nevada if necessary.

The Company previously was defending a lawsuit in the Superior Court for the County of Alameda arising from the claim of the aforementioned default judgment. On January 23, 2015 the plaintiff filed a request for dismissal with prejudice of the entire complaint, against all parties and for all causes of action. On February 5, 2015 the clerk of the court filed the dismissal and mailed a copy to the Plaintiff's counsel on February 10, 2015. Management received copies of the dismissal request, the entry of the dismissal and the mailing on February 19, 2015.

In light of the dismissal, the Company's motion to quash based on lack of jurisdiction is moot and Management intends to investigate its options regarding the advisability of any future settlement or further legal action regarding the underlying default judgment.

The Company is currently defending a lawsuit in the Superior Court for the City and County of San Francisco arising from the claim of the estate of a former investment advisor to the Company and former customer of our previously held subsidiary, Silverado Mortgage. The estate claims that the Company is responsible for the alleged promises of its former president, John E Hartman and one of that subsidiaries employees, Dawn Stafford to wit, that they would guarantee, in a verbal agreement, to which the only witness asserting the existence of any such verbal agreement is dead, that the deceased had homeowners' insurance (though our subsidiary was not in the insurance business), that our subsidiary, and consequently the Company, would guarantee that he had homeowners' insurance, forever, regardless of payment. The case has been dismissed as to Dawn Stafford and the plaintiff has filed notice that it intends to appeal that judgment. The Company is awaiting the filing of an appeal at this time, as we believe that the severing of the chain that begins with Dawn Stafford severs the chain and destroys the plaintiff's case.

6) CONVERTIBLE DEBENTURES

On June 1, 2014, the Company converted \$40,000 in Short Term Notes for Accrued Officer Compensation into a convertible debenture. This debenture bears no interest and is convertible into Common Stock at a 5% discount to the average closing price of the five trading days preceding a conversion demand.
